BRITISH POLITICS.

The Significance of the Hartington Banquet.

MORE FISHERIES TROUBLES.

The Tucker-Edmunds Law to be Applied in the District of Columbia—Other News Notes.

British Politics.

LONDON, August 6.—The Morning Post, referring to the Unionist banquet, last evening, says the majority of Gladstonians will be dampened when they read accounts of the banquet. Lord Hartington shows no dismay over the prospect of a coalition, and Conservatives have no reason to dread it.

The News says Lord Hartington's intimation that he will join government during the recess, takes precedence over every other political incident. He is probably awaiting the result of the Norwich election. If the Gladstonian candidate is elected, Lord Hartington will probably conclude there is no help for it, and that he must either seize the reins himself or see them dragged in the mud.

The Standard says it regrets that the banquet given to Lord Hartington by Liberal-Unionists last night did not precede the recent parliamentary elections, and that it imagines a perusal of the speeches made at the banquet will shake the faith of even those who have most confidence in Gladstone's lucky star.

LONDON, August 6.—Chamberlain, in his speech at the Liberal Unionist banquet to Lord Hartington last night, said the bye elections for members of Parliament really redounded to the credit of Liberal Unionists. They show that Gladstonians are rapidly abandoning the evils of the Gladstone heresy. All the recent Gladstonian candidates were fervent worshippers of the four points laid down by Lord Hartington a year ago. They assure us that they have reason to believe Gladstone is a convert to the Liberal-Unionist principles, and are indignant if any one is sceptical on this point. Our opponents appropriate our opinions and persecute us for holding them.

The Fisheries Trouble.

WASHINGTON, August 6.—Secretary Whitney recently received the following report, dated Halifax, July 30th, from Admiral Luce, commanding the North Atlantic squadron: "As there appeared to be a want of information on the part of our fishermen operating in the waters of the Gulf of St. Lawrence, in regard to the restrictions imposed upon foreign fishing vessels by the Canadian laws, a series of interrogatories were submitted to Captain Scott, of the Canadian fisheries service, covering the rights and the statutory restrictions, and I have the honor to enclose herewith the answer. A number of these circulars will be distributed among the fishing fleet for the information of those concerned. The enclosure is a printed sheet headed 'Queries,' and contains a series of questions submitted by Admiral Luce and the replies thereto by Captain Scott. Admiral Luce yesterday cabled the following to Admiral Luce, Halifax: 'I assume that your application to Captain Scott was not for the purpose of obtaining from him an expression of the law, but to enable our fishermen to know the extent of the Canadian claim, and thus avoid difficulties, if they should so choose. This is not quite clear from your report, and it would be better to issue no more circulars, and to withdraw such as are within your reach. Captain Scott is not understood to be the agent of his government for any such purpose as that for which you have employed him, and if he were the application might more properly be made to our own government, in case a correct statement of the Canadian claim is desired. (Signed), W. C. WHITNEY, Secretary Navy.'

Railway Complications.

CINCINNATI, August 6.—This afternoon a directors' meeting of the Cincinnati, Hamilton & Dayton Railway convened. Julius Dexter, who had acted as chairman of the stockholders' committee, which had been conferring with Mr. Ives, said the committee was not ready to report; that it proposed to go to New York to-night to make a further examination of the books, and it recommended that the board of directors be continued, and that another meeting be held on August 16th, to hear the report of the stockholders' committee. This was agreed to, and all action deferred until the meeting to be held in New York. The directors whose places are to be filled on Monday are Messrs. Cowan and Wade. It is understood that Thomas Erving and A. S. Winslow, of this city, will be put in their places. No action was taken on the proposition to lease the Fort Wayne road and guarantee its stock, all that being postponed until the present complications are settled. President Stayner was not present, but sent a telegram declining to resign. This puts a new phase on the proposed reorganization, as it was supposed he would consent to retire and to put the management in Cincinnati hands.

It Applies in Washington.

WASHINGTON, August 6.—Judge Harper, of the police court, decided that the Utah law is applicable to the District of Columbia, and has begun the hearing of testimony in the case of Passed Assistant Sergeant Crawford, charged with improper intercourse with a girl 13 years old.

Breakers Ahead.

LONDON, August 6.—Up to the present time no difficulties have arisen here through the collapse of the San Francisco wheat deal. It is said the wheat held in Liverpool for the American wheat ring is held under good margins. It is feared, however, the trade has suffered and that failure will ensue.

Yacht Run.

NEWPORT, August 6.—The run of the feet of the New York Yacht Club to Vineyard Haven began this morning. Although it is not strictly a race, interest is taken in the result. Each yacht took its own time as she left the harbor.

A Horrible Affair.

MACON, Ga., August 6.—Information has just been received of a most horrible tragedy which occurred last night, about twelve miles from here, in this county. The report says that Captain Richard Woolfolk, a well known farmer, his wife, four children and Mrs. West, an aunt of Mrs. Woolfolk, were found murdered in their house this morning, having been knocked on the head and their throats cut. Sam G. Woolfolk, son of Captain Woolfolk by his first wife, is suspected of the crime, and was arrested. A deputy sheriff and the coroner have gone out to the scene of the murder. Owing to the distance from the city full particulars are not easily obtainable.

The King of Holland.

PARIS, August 6.—A dispatch to the *Intermédiaire* from Lebourg, says the King of Holland is ill, and there is much commotion concerning the succession to the throne in the event of his death. The ex-Grand Duke of Hesse will be a candidate. It is feared that national complications will arise over the succession.

Here's Another Scheme.

OTTAWA, August 6.—Government has received no official advice of any movement on the part of the Mormons to settle in the Canadian northwest. It is learned that several of the disciples of Joseph Smith will shortly go over the line of the Canadian Pacific Railway to ascertain the resources of the country.

A Strong Testimonial.

Editor Enquirer:—I have been north as far as Centerville and Bountiful by invitation from Mr. Samuel Smith, for the purpose of visiting several orchards introduced in that section of country during the last four years by the Geneva Nursery, and I was most agreeably surprised to find the various kinds of fruit trees much finer even than Mr. Smith had represented them to be. The fruit that I saw, such as pears, cherries, grapes, etc., and the satisfaction heard expressed by parties who have bought and are still buying from the Geneva Nursery, satisfies me that the proprietors are square-dealing and reliable business gentlemen, and that they are introducing a class of fruit into this Territory that if properly cultivated, will bring good profit to the producer.
